

## INTRODUCING UNITED WAY OF GREATER LOS ANGELES SOCIAL REPORT DISCUSSIONS

Invite our United Way team into your organization to host a discussion on the current issues impacting our community. And to talk about how you and your colleagues can get involved. We're offering these topics in 2010:

### A TALE OF TWO CITIES: ONE FUTURE

Over the past decade, the middle class has eroded while households of the super-rich and working poor are growing. During this presentation, we'll uncover a side of L.A. County that most people don't know about and learn that when we work together, we can effectively tackle the root causes of poverty.

### HOMELESS COST STUDY

L.A. County is the homeless capital of the nation, with 48,000 people homeless every night. 40% are women and children. Can homelessness ever be solved? And just how cost effective is it to leave people on the streets? You may be surprised by what you find out.
